

WELLINGTON *DEFENDER*

Spring 2011 Volume 1

For the past few years our newsletter, *The Wellington Defender*, has been available to residents on the Wellington website *ONLY*. This has been a successful cost-saving strategy for the association, especially in this tough economic climate. A positive result of this is that many of you have visited the website more often. We'd like to continue that momentum .

The Wellington website is a valuable tool. It includes events of interest and important information that you need to know as a member of the Wellington community.

Take a moment to visit www.wellingtonca.org and check out all the website has to offer. We encourage you to follow the links to sign up for free e-mail alerts about the many events our community sponsors. In addition, the website includes contact information for the on-site office as well as the current Board of Directors.
